

Pharmaceutical Grade Supplements

PGS means that each supplement company is in full compliance with FDA mandates that state nutritional supplement manufacturers must meet 100% of label claims (e.g. that the amount of an ingredient listed on the label is actually contained in the finished capsule or table). Each company chosen by Calmglow has a deep commitment to health, quality, and integrity to the commitment to serve healthcare professionals and their patients. These supplements can only be purchased through a licensed health care provider.

Certificates of Analysis are laboratory assays performed for dietary supplement manufacturers that attest to the purity and active ingredients in the supplement. A good rule of thumb to follow is that if a manufacturer of dietary supplements can supply a Certificate of Analysis, this often demonstrates their intent to sell only quality supplements.
